In this situation, running penalty time begins with the next whistle resuming play.

SECTION 2 - INTERVALS

ART. 1 There shall be two-minute intervals between the first and second quarters and between the third and fourth periods of a game. During these intermissions, all rules governing the play of the game remain in force. The intermission between the second and third periods shall be ten minutes unless another time is mutually agreed upon by the coaches, conference, league, state, or national association. The teams may leave the court, and all rules governing the play of the game remain in force.

SECTION 4 - INTERRUPTION OF GAME

ART. 1 If a game is interrupted because of events beyond the control of the responsible authorities, it shall be continued from the point of interruption unless there are conference, league, or state association rules to cover the situation. Both teams are permitted to make roster changes. By mutual agreement of the opposing coaches and approval of the referee, any period may be shortened or the game terminated.

SECTION 5 - FORFEITS/GAME TERMINATION

ART. 1 Officials will have authority to terminate a game in response to flagrant acts of unsportsmanlike behavior, including excessively rough play or the encouragement of excessively rough play by coaches, athletes, spectators, or fans. A game termination will be the last resort in ensuring the ‘players’ safety and preserving the integrity of the game. If possible, game officials will issue at least one strong warning that the game is in danger of being terminated. However, it is conceivable that games may be terminated on the first instance of a flagrant unsportsmanlike act. Every effort should be taken to avoid game termination, including the enforcement of existing rules for team-conduct penalties, unsportsmanlike conduct penalties, and ejection fouls. All games terminated by an official will result as follows, if the team that is innocent of the terminal offense(s) is ahead the score shall stand, if the team that is innocent of the terminal offence(s) is behind or tied the score shall be a 1-0 victory for the team that is innocent of the terminal offense(s). **ART. 1** Play shall be started at the beginning of each period and after each goal by facing the ball at the Center Faceoff Dot.

**EXCEPTIONS:**

a. In the event of an extra-man situation or a flag-down situation at the conclusion of any period, the next period shall be commenced by awarding possession of the ball to the team that had possession of the ball at the conclusion of the prior period in the same relative position on the court. However, if the period ends with no team in possession, except in the previously mentioned flag-down situation, the ball shall be faced with all the normal restrictions.

b. If a player or team commits a foul before or during any faceoff, the ball will be awarded to the offended team in its offensive side of the court at the Center Faceoff Dot.

c. If a player at any faceoff delays resumption of play by any action or maneuver, such as backing out or other action meant to delay the game the ball will be awarded to the offended team in its offensive side of the court, at the Center Faceoff Dot.

d. If a player moves their crosse or any part of their body or wheelchair after “set” is said and thereby gains an advantage, the ball shall be awarded to the offended team. All previous restrictions behind the defensive-area lines are still in force. This applies to all periods, including sudden-victory periods.

**ART. 2** The faceoff is considered to have ended when a player of either team gains possession, the ball crosses the blue line or it has gone out of bounds in the center-court area and the officials cannot determine who was responsible. The ball shall be awarded by alternate possession if it has crossed the blue line and goes out of bounds. When the ball goes out of bounds in the center-court area, it shall be refaced.

**ART. 3** The faceoff players shall face their opponent’s goal at the Center Dot. The official shall indicate to both players to assume their respective positions at the same time. On a faceoff, the crosses are held in the air, approximately at head level, head to head, parallel to and above the center line. Both the head and the shaft must be held along the vertical plane of the Red Line. The crosses will be held back-to-back so that each player’s crosse is between the ball and the goal being defended. Players may not back out and reset their positions once the official has initiated the faceoff positioning.

**ART. 4** The official shall make certain that the reverse surfaces of the crosses match evenly, and each player shall have both hands on the handle of their own crosse. Both hands of each player shall be to the left of the throat of their crosse. Each player shall be positioned so that their entire body and
wheelchair is to the left of the throat of their crosse. When setting the faceoff, the official must be aware of height differences between the faceoff players and position the height of the crosses to that neither player gains an advantage.

**ART. 5** The official places the ball between the crosse heads. Once the players facing have assumed their positions, the official shall say "set." Once this signal is given, both players shall remain motionless (except for their heads) until the official sounds the whistle to start play. The official will sound the whistle promptly after readying the ball for play and stating the word "set." At the sound of the whistle, both players must immediately draw their sticks up and away from one another. The flight of the ball must go higher than the heads of both faceoff players.

**SECTION 4 - POSITIONING OF OTHER PLAYERS BEFORE A FACEOFF**

**ART. 1** When a team has all of its players on the court, it shall confine its goalkeeper and two other players behind the defensive blue line, two players behind the offensive blue line, and two wing midfielders in the center zone one on each side of the Center Faceoff Dot and outside the Face Off Circle.

**ART. 2** When the whistle sounds to start play, the players in the center zone outside the Faceoff Circle shall be released. All other players are confined to their areas until a player of either team has gained possession of the ball, the ball goes out of bounds, the ball crosses either Blue Line or a whistle stops play for a time-serving foul. Players designated in the center zone area and players designated behind the Blue Lines may not interchange positions before possession has been called.

**ART. 3** During the faceoff in all penalty situations, there must be three players in the defensive area and two players in the offensive area.

**SECTION 5 - PLAY OF THE BALL DEFINITIONS**

**ART. 1** Free play - Whenever a player has been awarded the ball for any reason. Under such conditions, no player may take a position closer to him than five yards.

**ART. 2** Player possession - A player who can perform any of the normal functions of control, such as carrying, cradling, passing, or shooting. The ball must be in a crosse to be "in possession"; a ball resting on, or in, a wheelchair is not "in possession."

**ART. 3** Team possession - When a player of that team meets the definition in Article 2 or Article 7 of this rule.

**ART. 4** Loose ball - A ball not in possession of a player.

**ART. 5** Pass - Movement of the ball caused by a player in possession throwing or bouncing the ball to a teammate.

**ART. 6** Completed pass - When a pass is caught by a teammate.

**ART. 7** Ball in flight - A ball in flight from one teammate to another is a ball in possession if the ball is caught by a teammate.

**NOTE:** When a pass is in flight as the period ends during an extra-man situation, the team that threw the pass is ruled to have not been in possession during the flight of the ball, regardless of whether the ball is caught by a teammate.

**ART. 8** Clear - An attempt by a team to move the ball from its defensive half of the court to its offensive half.

**ART. 9** Shot - A shot is considered a ball propelled toward the goal by an offensive player, with the intent of scoring a goal, either by being thrown from a crosse or otherwise physically directed. A shot can only be made when the ball is parallel to or above the goal line extended.

**NOTE:** A shot or deflected shot remains a shot until it hits the boards, is caught, or a player causes the ball to go out of bounds.
SECTION 6 - OUT OF BOUNDS

ART. 1 Play shall be suspended at any time when the ball is out of bounds.

ART. 2 Loose ball - When a loose ball touches any netting or loose material that frames the Court, or the ground or any object outside the hard Boards around the Court, it is out of bounds, and the following rules apply:

b. Should a ball that has not crossed the Blue Line go directly out of bounds on a face-off, it shall be refaced under the following conditions:
   1. It is not known which team caused the ball to go out of bounds.
   2. It is not known who last touched the ball prior to going out of bounds.

c. When a loose ball goes out of bounds as a result of a shot or deflected shot at the goal, it shall be awarded to the team that had an in-bounds player's body nearest to the ball when it became an out-of-bounds ball, at the point where it was declared out of bounds. If two inbounds players of opposite teams are equidistant from the ball when it goes out of bounds, play shall resume according to the alternate-possession rule. In determining which player is nearest, the ball is considered out of bounds when it crosses the plane of the Boards.

NOTE: For the purpose of this rule, the stick is not considered a part of a player's body.

ART. 3 The ball will be considered out of bounds if it touches any player or wheelchair that is in or touching the Substitution Box or the Penalty Box when such zones are being used on the surface of the Court.

SECTION 7 - BALL CAUGHT IN CROSSE OR EQUIPMENT

ART. 1 If at any point the ball becomes stuck in the front or back of the crosse, there shall be an immediate whistle, and the ball will be awarded to the opposing team.

ART. 2 If the ball is caught in a player's uniform, wheelchair, or equipment other than their crosse, play shall be suspended immediately, and the ball shall be awarded according to the alternate-possession rule.

NOTE: Neither situation above applies to a designated goalkeeper if they are within their goalcrease area at the time the ball becomes stuck. In this case, a defensive player shall be awarded the ball laterally beside the goal near the side boards.

ART. 3 If the ball is under a player's chair and not immediately moving or otherwise not able to be played e.g. snared in the net, the officials shall sound the whistle to suspend play and award the ball as follows:

c. When any part of the body or wheelchair of a player of the attacking team is in the goal crease area at the time.
d. When the attacking team has more than 8 players (including in the Penalty Box) on the court (outside the Substitution Area) at the time.
e. When the attacking team or both teams are offside at the time.
f. After one of the officials has sounded the whistle for any reason, even if the sounding of the whistle was inadvertent.
g. If the head comes off the stick on a successful shot, the goal shall be disallowed and the ball will be awarded to the defensive team, laterally beside the goal near the side boards.
h. When there is a flag down for a foul by the scoring team.
i. When there is a play on for a foul by the scoring team.
j. After a player from the attacking team has released early from the Penalty Box.
k. When the scoring player’s crosse is found to be illegal, or if the scoring player adjusts the crosse after the official requests it, after the goal, but before the next live ball.
l. After a player in the act of shooting or their teammate touches the goalkeeper or the goalkeeper’s wheelchair in the crease or touches any part of the goal or netting prior to the ball entering the goal.
m. If an official recognizes a request for a timeout from the team in possession or a foul by that team before the ball breaks the plane of the goal, regardless of whether the official has had time to blow the whistle.
n. If an attacking player deliberately leaves their wheelchair by propelling or diving and their momentum carries him into the crease area, regardless of where he lands in the crease, before or after the ball enters the goal.

SECTION 10 - OFFSIDE

ART. 1 A team is considered offside when it has fewer than two players in its offensive half of the court (between the Red Line and the end wall).

ART. 2 A team is considered offside when it has fewer than three players in its defensive half of the court (between the Red Line and end wall).

SECTION 11 - OFFSIDE ENFORCEMENT

ART. 1 If only one team is offside, a technical foul shall be called against the offending team.

ART. 2 If both teams are offside and one of the teams has possession of the ball, the players shall be placed onside and play resumed with the team in possession of the ball retaining possession.

ART. 3 If both teams are offside and neither team has possession of the ball, the players shall be placed onside, and the ball shall be awarded according to the alternate-possession rule.

If the defensive team is offside, the goal counts, and no penalty shall be assessed. If both teams are offside, the goal shall not count, and the ball shall be awarded according to the alternate-possession rule.

However, if the ball is outside the crease, the goalkeeper may not touch it with their hand, even if they are within their crease. They or any player of the defending team may receive a pass while in the crease area.

ART. 2 No opposing player shall make contact with the goalkeeper or their crosse or wheelchair while the goalkeeper is within the goal-crease area, regardless of whether the goalkeeper has the ball in their possession. An attacking player may reach within the crease area to play a loose ball as long as they do not make contact with the goalkeeper or the goalkeeper’s crosse or wheelchair. An attacking player may not play the ball if it is under the goalkeeper’s wheelchair within the crease.

ART. 3 The crosse of the goalkeeper, not their body, when extended outside the cylinder above the crease area, is subject to being checked under the same circumstances as the crosse of any other player, except when the ball is in the crosse.

SECTION 17 - GOAL-CREASE PROHIBITIONS

(See Rule 4, SECTION 6 - Article 2a)

ART. 2 Any violation that occurs while the ball is in the goal area will result in the ball being awarded to the offended team outside the goal area.

ART. 3 The goalkeeper shall be given a maximum of five seconds to reenter the crease on any restart.

SECTION 24 CHANGE OF GOALS

ART. 1 At the conclusion of each period, the teams shall change goals, except for the first sudden-victory period.

ART. 2 Each half, officials shall conduct at least one random inspection of a player’s equipment per team. These inspections shall take place in dead-ball situations. Players in violation will be penalized the same as if the equipment inspection were requested by the opposing head coach. The following procedures apply:

To be legal, such a body check shall be below the neck, and both hands of the player applying the body check shall remain together and in contact with their crosse. If a player who is about to be body checked turns their back in such a manner to make what started to be a legal check appear illegal, no foul is committed by the player applying the body check.

ART. 5 Body checking of an opponent who has any part of their body on the surface of the Court.

ART. 6 Blocking of an opponent with the head or initiating contact with the head (spearing). A minimum of a one-minute non-releasable penalty will be assessed for spearing. A three-minute non-releasable penalty will be assessed if the spearing was vicious.

A player using a crosse found illegal because it was altered to gain an advantage will receive a three-minute non-releasable penalty, and the illegal crosse will remain in the table area for the remainder of the game. ART. 3 Striking an opponent in any part of the body, or on the face, neck, chest, back, shoulders, groin, or on the head with the crosse (including its butt end), except when done by a player in the act of passing, shooting or attempting to scoop the ball. In all situations, the player’s gloved hand shall be considered part of the crosse, except when in contact with the Boards.

Tripping is obstructing an opponent at or below the waist with the crosse, hands, arms or wheelchair, and shall include placing or causing the crosse to be inserted into the spokes of the wheel or the frame of the wheelchair with the purpose of hindering progress or gaining a situational advantage. When a player legally checks the crosse of an opponent and the result is to cause the opponent to trip over their own crosse or wheelchair, no foul is committed. SECTION 2 - CREASE VIOLATIONS/GOALKEEPER INTERFERENCE

ART. 1 When the defensive team has possession of the ball, infringements of the rules involving the crease shall be penalized as follows (rather than under the general rules for technical fouls):

a. Any crease violation or interference with the goalkeeper of a technical nature while the ball is in possession of the defensive team outside of the crease shall result in a slow-whistle, flag-down (up) situation.

b. Any crease violation or interference with the goalkeeper while they and the ball are in the crease, whether or not he has possession of the ball, shall be a play-on. If the goalkeeper has possession and fails to move the ball out of the crease or successfully complete an outlet pass, the ball is awarded to their team in its offensive side of the court at the Center Faceoff Dot. If the ball is loose in the crease and the goalkeeper gains possession, the play-on is over.

SECTION 3 - HOLDING

ART. 1 A player shall not impede the movement of an opponent using their wheelchair or by grabbing any portion of an opponent’s chair or their crosse.

ART. 2 A player may not:

a. Use the portion of the handle that is between their hands to hold an opponent or an opponent’s wheelchair.

b. Roll their wheelchair onto the crosse of an opponent.

c. Hold an opponent or an opponent’s wheelchair with their crosse.

d. Hold or pin an opponent’s crosse against the body of the opponent with their crosse.

e. Hold an opponent or an opponent’s wheelchair with their free hand that is off the crosse.

f. Use their wheelchair to hold an opponent’s wheelchair in a stationary position.

g. Place their stick into the spokes of an opponent’s wheel or into the opponent’s wheelchair frame with the purpose of holding or gaining a positional advantage.

h. Use the stick against the body or wheelchair of an opponent to obtain leverage himself to turn into a play or to gain a positional advantage.

ART. 3 Holding is permitted under the following conditions:

a. An opponent with possession of the ball or within three yards of a loose ball may be held from the front or side.

b. An opponent in possession of the ball may be played with a hold check from the rear if the hold exerts no more than equal pressure. For (a) and (b), a hold check shall be done with either closed hand, shoulder or forearm; and both hands shall be on the crosse.
c. A player may hold the crosse of an opponent with their crosse when that opponent has possession of the ball.

d. A player within three yards of a loose ball may hold the crosse of their opponent with their own crosse.

SECTION 4 - ILLEGAL OFFENSIVE SCREENING

ART. 1 No offensive player shall move into and make contact with a defensive player with the purpose of blocking a defensive player from the man they is playing, nor shall the offensive player hold their crosse rigid or extend their crosse rigid to impede the normal movements of the defensive man. If contact is made between offensive and defensive players as a result of the offensive player’s setting a screen, the offensive player shall be stationary before the contact occurs.

SECTION 5 - ILLEGAL PROCEDURE

ART. 1 Any action on the part of players or substitutes of a technical nature that is not in conformity with the rules and regulations governing the play of the game shall be termed illegal procedure.

ART. 2 The following are examples of illegal procedure:

   a. Should a player lose their crosse in any legal way, so that repossession of the crosse would cause him to violate a rule, the slow whistle shall be employed by an official.

   b. Should the crosse be in the crease so as to possibly interfere with the goalkeeper’s play of an attempted shot at the goal, play shall be suspended immediately.

   c. Crosse in face of opponent - A player shall not push at, thrust or flick their crosse in the face of an opponent.

   d. Avoidable lateness of team - When a team fails to appear on the court ready to play at the appointed time for the start of a contest, and this tardiness is avoidable.

   e. Entering the game from the Penalty Box before authorized to do so by the timekeeper. The player shall be returned to the Penalty Box to serve their remaining time, plus 30 seconds. If the ball is loose or in possession of the player’s own team, it shall be awarded to the opposing team and the player leaving the Penalty Box early does not have to serve an additional 30 seconds. In the event that a goal is scored by the opponent, the unexpired penalty time is nullified, but the player still shall serve 30 seconds for illegal entry into the game.

   f. Delaying the game - When it is a team delay, the penalty shall be assigned to the in-home. Delaying the game shall be the consuming of more than 20 seconds:
      1. At the start of the game or a period, 20 seconds to begin when the official blows the whistle to summon the players to position 20 seconds before the official game time, or after one minute and 40 seconds have elapsed between the first and second or third and fourth periods, or after nine minutes and 40 seconds have elapsed between the second and third periods.
      2. After the expiration of a timeout, 20 seconds to begin when the official blows the whistle to summon the players to position after one minute and 40 seconds of a team's charged timeout; or after an injured player has been removed from the game, or whenever play is ready to be resumed after an official's suspension of play.
      3. After a goal has been scored, 20 seconds to begin when the official at the center line has possession of the ball.
      4. After a time-serving penalty has been assessed, 20 seconds to begin when the official assessing the penalty has notified the scorer.
5. After a sideline out-of-bounds ball, 20 seconds to begin when the ball is in possession of a player or official at the out-of-bounds spot.

6. For adjusting of equipment, 20 seconds to begin when the adjusting of equipment begins.

g. Participation in the play of the game by a player out of bounds in any on-court Substitution Zone or Penalty Box, or by any player with any part of their body other than their gloved hand(s) touching the surface of the Court.

h. Any player not behind the Blue Line at the time the whistle is blown to start play at the time of a faceoff.

i. Failure to remain 5 yards from a player having a free play.

k. Any violation of the rules relating to the goal-crease area. Repeated violations shall be penalized as unsportsmanlike conduct.

m. Having more than 8 players in the game at any time, including a player or players in the Penalty Box.

n. Violation of the rules on positioning for a faceoff.

PENALTY: Award the ball to the offended team in its offensive side of the field, at the Center Faceoff Dot. (See Rule 7, Section 3)

o. Any head coach making more than one request for the counting of any crosses or inspecting of any opponent’s equipment for legality does so at the risk of a charged timeout, or a technical foul if no timeouts remain, if no violations are found.

p. Having more than two (2) long crosses in the game.

q. Failure of the player in possession of the ball to place the ball directly on the court or hand it to the nearest official on a change of possession. An example is if the player rolls the ball away or creates a delay or disadvantage to the team being awarded the ball.

r. Failure to provide an acceptable horn.

s. Utilize the Boards to push off or gain leverage from the boards or utilize the Boards to make a pass or shot.

t. An offensive player may not play a ball if it is under the goalkeeper’s chair within the crease.

ART. 3 All players shall be properly attired in legal uniforms prior to the beginning of the contest. Violation of the uniform requirements (e.g., jerseys, matching helmets, etc.) is considered illegal procedure. If a team player cannot correct uniform violations prior to the start of the contest, a technical foul is assessed, and the ball is awarded to the opposing team in its offensive half of the court at the Center Faceoff Dot at the start of the game.

NOTE: Once to game begins, uniform violations will not be penalized.

SECTION 6 - CONDUCT FOUL

ART. 1 A coach shall not enter the court without the permission of an official, except to attend to an injured or unseated player, to warm up a goalkeeper, or during half time.

ART. 2 A player, coach, athletic trainer or another person officially connected with a team shall not:

a. Use artificial aids (i.e., electronic devices, megaphones) in communicating with players on the court.

b. Leave the bench area and/or ‘coaches’ area on their side of the court.

c. Players shall be within the confines of the bench area while the clock is running and the ball is in play, except when reporting to the Substitution Zone for special substitution or to the Penalty
Box for serving penalty time. A coach or player may leave the bench/coaches area while play is suspended and enter the table area for the sole and distinct purpose of seeking information from the timer, scorekeeper, or chief bench official.

d. Object to an official’s decision by arguing or gesturing. This includes the timekeeper and scorekeeper.

SECTION 7 - INTERFERENCE

ART. 1 A player shall not interfere in any manner with the free movement of an opponent, including a player using their chair to obstruct or “jam” a player, except when that opponent has possession of the ball, the ball is in flight and within three yards of the players, or both players are within three yards of a loose ball.

SECTION 8 - OFFSIDE

ART. 1 Any violation of the offside rule is a technical foul.

SECTION 9 - PUSHING

ART. 1 A player shall not thrust or shove an opponent from the rear with the arms, crosse, or the wheelchair. A push is exerting pressure after contact is made and is not a violent blow. Pushing is permitted from the front or side when an opponent has possession of the ball or is within three yards of a loose ball. In this case, pushing shall be done with either closed hand, shoulder or forearm, and both hands shall be on the crosse.

SECTION 10 - STALLING

ART. 1 It shall be the responsibility of the team in possession to attack the goal. A team in possession of the ball in their Attack Zone cannot be penalized for stalling. NOTE: Attack Zone is considered to be the team’s offensive end.

ART. 2 A team in possession of the ball in its offensive half of the field may be warned to “get it in/ keep it in.” This warning shall be made when, in the judgment of the officials, that team is keeping the ball from play by not attacking the goal. A visual 10-second count will start when warning the team to “get it in”. If the offensive team has the ball in the Attack Zone, the defensive team must attempt to play the ball within the Attack Zone in order for a stalling warning to be issued against the offensive team. The stalling warning remains in effect until a goal is scored, the defensive team gains possession of the ball or the period ends, resulting in a faceoff. After the team has been warned, stalling shall be called if the ball leaves the Attack Zone in any manner other than as a result of a shot on goal or a touch by the defensive team.

ART. 3 During the last two minutes of regulation play, stalling rules are in effect for the team that is ahead. When the score is tied, neither team is forced to keep the ball in the Attack Zone unless warned to “keep it in”.

SECTION 11 - WARDING OFF

ART. 1 A player in possession of the ball shall not use their free hand or arm or any other part of their body to hold, push or control the direction of the movement of the crosse, body or wheelchair of the player applying the check. A player in possession of the ball may protect the player’s crosse with the player’s hand, arm, or other parts of the player’s body when their opponent makes a play to check the player’s crosse.

SECTION 12 - WITHHOLDING BALL FROM PLAY

ART. 1 When a loose ball is on the ground, a player shall not allow the ‘player’ wheelchair to remain on top of the ball, trap it with the players’ crosse longer than is necessary to control the ball and pick it up more or less with one continuous motion, or withhold the ball from play in any other manner. A player, players or team shall not deliberately withhold the ball from play. Repeated actions of this nature shall be ruled unsportsmanlike conduct.
**RULE 7 - PENALTY ENFORCEMENT**

**SECTION 1 - PROCEDURE**

**ART. 1** A player who has committed a violation of the rules and must serve penalty time shall:

a. Leave the court at once.

b. Report immediately to the Penalty Box and remain in the Penalty Box until informed by the timekeeper that they may re-enter the game.

c. Player serving penalty time shall remain entirely within the marked boundary of the on-Court penalty Box.

d. If the goalkeeper is penalized or injured, the official will allow a full one minute delay for replacing the goalie on the court, beginning with the replacing player's warmup.

**SECTION 2 - PENALTY TIME**

**ART. 1** The following rules shall apply in determining the beginning and end of penalty time:

a. Penalty time begins at such time as play is resumed after the calling of the penalty.

b. Penalty time ends when the time of the penalty has expired, except if a goal is scored against a team having one or more players serving penalty time. If a goal is scored against the team serving penalty time:
   
   1. All releasable penalties being served will end for that team.
   2. All non-releasable penalties remain in place until the full time is served.

c. A player receiving a penalty for a period of time in excess of that remaining in any period shall remain out of the game in the subsequent period (including sudden-victory periods) until the full length of the player’s penalty time has expired, except as described in Rule 7, Section 2, Article 1b.

d. For the purpose of determining when a player or players may be released from a penalty, for all time-serving penalties called on players of opposing teams from the time the flag is raised or the whistle sounds stopping play (whichever occurs first), until the sounding of the whistle resuming play, the lesser amount of penalty time shall be treated as non-releasable. When players from opposing teams are sent out of the game, and the penalty time for each player is the same, the players shall not be released from the Penalty Box until their full penalty time has been served. If the penalty time of a player(s) on one team is longer than the penalty time of a player(s) on the other team, then no one shall be released from the Penalty Box until the shorter penalty time has elapsed. At that time, the player(s) with the shorter penalty time shall be released from the Penalty Box. The other player(s) shall remain until such time as their penalty time has elapsed or their team has been scored upon.

e. Players serving multiple simultaneous penalties shall serve the full time of all non-releasable penalties first. After the non-releasable time has been served, should a goal be scored during the releasable penalty time, the player could return to the game, but not if a goal is scored during the nonreleasable penalty time.

f. A maximum of two players from the same team be in the penalty area serving penalties at the same time. The penalty time of any additional player(s) shall not start until the penalty time of the one of the two players in the penalty area expires. The additional penalized player(s) shall wait in the bench area immediately next to the scorer’s table but not in the table area. A player’s penalty cannot be released by a goal until they are in the penalty area.

**SECTION 3 - RESUMING PLAY AFTER PENALTY**

**ART. 1** When a penalty occurs and the ball is in the offended team’s offensive half of the court, the ball shall be put in play by the team awarded the ball, at the spot where the ball was when play was suspended. If the ball was in the Attack Zone when play was suspended, it shall be restarted outside the
Attack Zone nearest to the spot of the ball at the time of the whistle.

**ART. 2** When a penalty occurs and the ball is in the offended team’s defensive half of the court and a penalty is to be served, the ball shall be awarded to any player of the offended team in its offensive side of the court at the Center Faceoff Dot. When no penalty time is to be served, the ball will be put in play at the spot the ball was when the whistle blew. If the ball was in the Attack Zone when play was suspended it shall be restarted outside the Attack Zone nearest to the spot of the ball at the time of the whistle.

**EXCEPTION:** For live-ball simultaneous fouls where time is to be served by each team, the ball will be put in play at the spot where the ball was when the whistle blew. For any violations of the rules on positioning for a faceoff, the ball will be awarded to the offended team in its offensive side of the court, at the Center Faceoff Dot.

**SECTION 4 - TEAM PENALTIES**

**ART. 1** If a penalty is called against a team when no definite player is involved or when the penalty is against someone other than a player in the game, the official shall select the in-home and assess the penalty time.

**ART. 2** When the person committing the foul is a substitute, the foul shall be assessed against him insofar as the record is concerned and they only may re-enter the game subject to the same restrictions they would be under if they were a legal player on the court at the time the foul was committed.

**ART. 3** If multiple fouls of this type occur, the referee shall assess the penalty time against an additional attack player who shall be the one whose name appears closest to that of the in-home in the official scorer’s scorebook.

**SECTION 5 - DEAD-BALL FOULS**

**ART. 1** Dead-ball fouls are enforced in the sequence in which they occur. If penalty time is to be served by both teams, release-ability is in accordance with Rule 7, Section 2, Article 1d. Fouls occurring at the same time during a dead ball (when sequence cannot be determined) shall they considered simultaneous.

**SECTION 6 - SIMULTANEOUS FOULS**

**ART. 1** Simultaneous fouls are fouls called on players of opposing teams during a live ball or a dead ball when sequence cannot be determined.

**ART. 2** During a slow whistle or play-on, any foul committed by the team in possession (or entitled to possession) shall result in an immediate whistle.

**ART. 3** Penalty time:

a. If there is no play-on or flag down in effect and if all fouls are technical, the fouls cancel.

b. If the team in possession (or entitled to possession) commits:
   1. Only technical fouls, no penalty time will be served by that team.
   2. Any personal foul, all players involved will serve penalty time.

**ART. 4** Award the ball:

a. When penalty time is awarded and one team incurs less total penalty time than its opponent, that team shall be awarded the ball.

b. When penalty times are equal, or all fouls cancel:
   1. If a team has possession or is entitled to possession at the time of the flag or whistle, that team shall retain possession.
   2. If neither team has possession at the time of the fouls, the ball shall be awarded according to the alternate-possession rule.
3. When play is resumed either by award or possession, field position of the ball shall be provided for as in Rule 7, Section 3.

SECTION 7 - FOULS AFTER END OF PERIOD

ART. 1 When any foul occurs before the start of a period or after the official's period ending whistle has sounded, the penalty shall be assessed, and play shall be resumed as provided for in Rule 4, Section 3.

SECTION 8 - SLOW-WHISTLE TECHNIQUE

ART. 1 If a defending player commits a foul against an attacking player and an attacking player has possession of the ball, and if the act of fouling does not cause the player in possession of the ball to lose possession, the official shall signal by raising their hand and flag, and make the verbal signal ‘flag down.’

ART. 2 The official shall withhold the whistle until:

a. A goal is scored by the attacking team.

b. The ball goes out of bounds.

c. A player on the defending team gains possession of the ball.

d. A shot is taken that does not result in a goal.

e. The ball enters the teams Attack Zone or is in the Attack Zone at the time the foul occurs and thereafter moves out of the Attack Zone.

f. An injury occurs to a player on either team and is deemed by the official to be serious enough for an immediate whistle.

g. A player loses any of the required equipment in a scrimmage area, and the official is required under the rules to blow the whistle.

h. A loose ball results.

i. A player on the attacking team commits a foul.

j. The ball is in the defensive half of the court, and the team in possession fails to clear the ball into its goal area.

k. When the ball hits the ground (not on a shot), the slow whistle is terminated.

ART. 3 The slow whistle shall be used whether the foul is committed against the player in possession of the ball or some other member of the attacking team. During a slow whistle, a shot remains a shot until: (a) it is obvious that a goal will not be scored; (b) added impetus is given the ball by any member of the attacking team; (c) possession is gained by any member of the defensive team; or (d) after hitting the goalkeeper, goal posts or crossbar, the ball is touched by any player of either team other than the defending goalkeeper, or an official.

SECTION 9 - ENFORCEMENT AFTER SLOW WHISTLE

ART. 1 A player or substitute committing a personal foul shall be suspended from the game for the designated penalty time, regardless of whether a goal is scored during the slow whistle.

ART. 2 If a goal is scored after a slow whistle on a technical foul, no penalty is given; if a goal is not scored, the penalty is suspension from the game for 30 seconds for each foul.

ART. 3 In all cases when a goal is not scored, the ball is awarded to the team fouled (the attacking team) at the spot where the ball was when play was suspended. If the ball was in the Attack Zone when play was suspended it shall be restarted outside the Attack Zone nearest to the spot of the ball at the time of the whistle.

ART. 4 If a goal is scored after the slow-whistle technique and it is found that simultaneous fouls were committed before the whistle was blown signaling the scoring of a goal, the goal shall be disallowed, regardless of the nature of the foul on the attacking team.
SECTION 10 - PLAY-ON TECHNIQUE

ART. 1 If a player commits a loose-ball or line violation technical foul or crease violation and an offended player may be disadvantaged by the immediate suspension of play, the official shall visually and verbally signal play-on, and with hold the whistle until such time as the situation of advantage gained or lost has been completed.

ART. 2 The play-on shall have elapsed and the official shall cease to signal when:
   1. In the case of a loose-ball technical-foul situation, the offended team gains possession.
   2. In the case of a crease violation in which the goalkeeper has possession, play shall continue until the offended team is disadvantaged.
   3. When the offended team commits a violation or penalty.

SECTION 11 - ENFORCEMENT OF PLAY-ON TECHNIQUE

ART. 1 If the offended player gains possession of the ball, the whistle is not blown, and no penalty is given. If the offended player fails to gain possession of the ball, then the whistle is blown; and the ball is awarded to the team fouled.

ART. 2 If, in the case of the crease violation, the goalkeeper, who has possession of the ball, continues to play on, the whistle is not blown. No penalty is called if the offended team maintains advantage of the ball. If the goalkeeper, in possession of the ball, does not play on, the whistle is blown, and the ball is awarded to the offended team in its offensive half of the court at the Center Faceoff Dot, with no penalty to be served.

SECTION 12 - EJECTION

ART. 1 The ejected coach, player, substitute or non-playing team member, shall be removed from playing area, unless in the Referee's discretion the Referee decides to allow the ejected person to remain as a spectator, and upon the conditions that the ejected person shall not participate in any way and their team and the ejected person may be penalized for any inappropriate behavior.

ART. 2 Any player or coach ejected from a game by a game official (NOTE: this does not include fouling out per Rule 5, Section 11) shall be suspended for their next regularly scheduled game (at the time of the ejection). The second time a player or coach is ejected in the same season or tournament they will be suspended for the next two regularly scheduled games (at the time of the ejection). A third ejection in the same season or tournament will result in a suspension for the remainder of the season or tournament.

SECTION 13 - CORRECTION OF ERRORS

ART. 1 Misapplication of a rule - When a head coach believes an official (game official, bench official, timekeeper or scorer) has misapplied a rule, the head coach may approach the scorer's table to request a coach/official timeout for the purpose of discussing a possible misapplication of a rule. This request shall be made prior to the next live ball. The timekeeper shall sound the double horn at the request of the head coach and the discussion shall take place in the Table Area in the presence of both coaches.
   a. If the official has misapplied a rule, necessary adjustments will be made, and an explanation given to both head coaches. No timeout will be charged, and play will immediately be resumed. If there was no error in the application of the rule, the timeout will be charged to the requesting team. If there is time remaining for the charged timeout, the head coach may utilize the amount remaining.
   b. The head coach may not debate a judgment call. The coach/official timeout is limited to the discussion of the possible misapplication of a rule. Decisions based on the judgment of the official(s) are final and not subject to review. The use of video monitoring, replay equipment or personal wireless communication devices by the officials in making any decision relating to the game is prohibited.

ART. 2 Inadvertent Whistles - In the event of an inadvertent whistle, play shall be suspended immediately. The team with possession when the whistle was blown shall retain possession. If the ball was loose, possession shall be awarded by alternate possession.
ART. 3 Inadvertent Flags - In the event of an inadvertent flag, play shall be suspended at the earliest opportunity that does not interfere with an imminent scoring opportunity. The team with possession when the flag was raised shall retain possession. If the ball was loose, possession shall be awarded by alternate possession.

APPENDIX 1 - COURT DIAGRAM

COURT NOTES:
Substitution Zone & Penalty Box will be marked on the court surface in venues where floor grade, door opening width and/or other factors do not allow these areas to be placed off the court surface.
